

Addendum 2

Clarifications issued 20 August 2026

The following clarifications amend the tender specification. They take precedence over the original text where they conflict.

Clarification 1 — Requirement R17

For the avoidance of doubt, a 'comparable' reference project must involve the management of student or citizen records at a scale of at least 10,000 individuals. Enterprise resource planning projects without a records-management component will not be treated as comparable.

Clarification 2 — Submission Format

This section sets out the acceptable submission formats and file-size limits applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.
