This section sets out the controls for applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

A2. Identity And Access Control

This section sets out the identity and access control applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

This section sets out the controls for applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

A3. Encryption At Rest And In Transit

This section sets out the encryption at rest and in transit applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

This section sets out the controls for applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

A4. Audit Logging And Monitoring

This section sets out the audit logging and monitoring applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

This section sets out the controls for applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

A5. Incident Response

This section sets out the incident response applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission.

Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

This section sets out the controls for applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission.

Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

A6. Business Continuity And Disaster Recovery

This section sets out the business continuity and disaster recovery applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

This section sets out the controls for applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

A7. Secure Development Lifecycle

This section sets out the secure development lifecycle applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

This section sets out the controls for applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

A8. Third-Party And Supply-Chain Risk

This section sets out the third-party and supply-chain risk applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

This section sets out the controls for applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

A9. Penetration Testing

This section sets out the penetration testing applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

This section sets out the controls for applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

A10. Data Retention

This section sets out the data retention applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

This section sets out the controls for applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

A11. Governance And Policy

This section sets out the governance and policy applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

This section sets out the controls for applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

A12. Identity And Access Control

This section sets out the identity and access control applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

This section sets out the controls for applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

A13. Encryption At Rest And In Transit

This section sets out the encryption at rest and in transit applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

This section sets out the controls for applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

A14. Audit Logging And Monitoring

This section sets out the audit logging and monitoring applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

This section sets out the controls for applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

A15. Incident Response

This section sets out the incident response applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission.

Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

This section sets out the controls for applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission.

Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

A16. Business Continuity And Disaster Recovery

This section sets out the business continuity and disaster recovery applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

This section sets out the controls for applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

A17. Secure Development Lifecycle

This section sets out the secure development lifecycle applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

This section sets out the controls for applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.
