

European School SIS 2026 — Tender Specification

Student Information System for the European Schools network

Contracting Authority European Schools Office

Reference ES-SIS-2026-014

Submission Deadline 30 November 2026

Procedure Open, single-lot

Table of Contents

1. Introduction · 2. Eligibility · 3. Security · 4. Financial Standing · 5. Technical Capability · 6. Experience · 7. Data Protection · 8. Accessibility

2. Delivery Milestones

This section sets out the delivery milestones applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

This section sets out the evaluation of responses to the applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

3. Acceptance Criteria

This section sets out the acceptance criteria applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

This section sets out the evaluation of responses to the applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

4. Governance Arrangements

This section sets out the governance arrangements applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

This section sets out the evaluation of responses to the applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

5. Change Control

This section sets out the change control applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

This section sets out the evaluation of responses to the applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

6. Support And Maintenance

This section sets out the support and maintenance applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

This section sets out the evaluation of responses to the applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

7. Pricing Conditions

This section sets out the pricing conditions applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission.

Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

This section sets out the evaluation of responses to the applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

8. Scope Of Works

This section sets out the scope of works applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

This section sets out the evaluation of responses to the applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

9. Service Levels

This section sets out the service levels applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

This section sets out the evaluation of responses to the applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

10. Delivery Milestones

This section sets out the delivery milestones applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

This section sets out the evaluation of responses to the applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

11. Acceptance Criteria

This section sets out the acceptance criteria applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

This section sets out the evaluation of responses to the applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

3. Security Requirements

R01 The bidder must hold a valid ISO/IEC 27001 certification covering software development and hosting, current at the submission deadline.

R02 The bidder must demonstrate ISO 9001:2015 quality management certification valid throughout the delivery period.

13. Change Control

This section sets out the change control applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

This section sets out the evaluation of responses to the applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

14. Support And Maintenance

This section sets out the support and maintenance applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

This section sets out the evaluation of responses to the applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

15. Pricing Conditions

This section sets out the pricing conditions applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission.

Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

This section sets out the evaluation of responses to the applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

16. Scope Of Works

This section sets out the scope of works applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

This section sets out the evaluation of responses to the applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

17. Service Levels

This section sets out the service levels applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

This section sets out the evaluation of responses to the applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

4. Financial Standing

R03 The bidder must have achieved an annual turnover of at least €10,000,000 in each of the last two completed financial years, evidenced by audited financial statements.

19. Acceptance Criteria

This section sets out the acceptance criteria applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

This section sets out the evaluation of responses to the applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

20. Governance Arrangements

This section sets out the governance arrangements applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

This section sets out the evaluation of responses to the applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

21. Change Control

This section sets out the change control applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

This section sets out the evaluation of responses to the applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

22. Support And Maintenance

This section sets out the support and maintenance applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

This section sets out the evaluation of responses to the applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

23. Pricing Conditions

This section sets out the pricing conditions applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

This section sets out the evaluation of responses to the applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

6. Experience

R17 The bidder must provide two comparable reference projects, of similar scope to a student information system, completed within the previous three years. Each reference must state the client, contract value, duration, and completion date.

25. Service Levels

This section sets out the service levels applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

This section sets out the evaluation of responses to the applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

26. Delivery Milestones

This section sets out the delivery milestones applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

This section sets out the evaluation of responses to the applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

27. Acceptance Criteria

This section sets out the acceptance criteria applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

This section sets out the evaluation of responses to the applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

28. Governance Arrangements

This section sets out the governance arrangements applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

This section sets out the evaluation of responses to the applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

R21 The bidder should provide a named lead solution architect with at least ten years of relevant experience, evidenced by a curriculum vitae.

30. Support And Maintenance

This section sets out the support and maintenance applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

This section sets out the evaluation of responses to the applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

7. Legal & Insurance

R24 The bidder must maintain professional indemnity insurance of at least €5,000,000 per claim, valid for the duration of the contract.

32. Scope Of Works

This section sets out the scope of works applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

This section sets out the evaluation of responses to the applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

R30 The bidder should hold a current Cyber Essentials Plus certification.

34. Delivery Milestones

This section sets out the delivery milestones applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

This section sets out the evaluation of responses to the applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

35. Acceptance Criteria

This section sets out the acceptance criteria applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

This section sets out the evaluation of responses to the applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

36. Governance Arrangements

This section sets out the governance arrangements applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

This section sets out the evaluation of responses to the applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

37. Change Control

This section sets out the change control applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

This section sets out the evaluation of responses to the applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

38. Support And Maintenance

This section sets out the support and maintenance applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

This section sets out the evaluation of responses to the applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

39. Pricing Conditions

This section sets out the pricing conditions applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

This section sets out the evaluation of responses to the applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

40. Scope Of Works

This section sets out the scope of works applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

This section sets out the evaluation of responses to the applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

8. Accessibility

R33 The delivered solution must conform to WCAG 2.1 Level AA accessibility standards, evidenced by an accessibility conformance report.

42. Delivery Milestones

This section sets out the delivery milestones applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

This section sets out the evaluation of responses to the applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

43. Acceptance Criteria

This section sets out the acceptance criteria applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

This section sets out the evaluation of responses to the applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

R38 All personal data must be hosted within the European Economic Area (EEA). The bidder must evidence the hosting location and the applicable data residency controls.

45. Change Control

This section sets out the change control applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

This section sets out the evaluation of responses to the applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

7. Data Protection (cont.)

R42 A GDPR-compliant data processing agreement must be available and signed prior to contract commencement.

47. Pricing Conditions

This section sets out the pricing conditions applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission.

Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

This section sets out the evaluation of responses to the applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

48. Scope Of Works

This section sets out the scope of works applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

This section sets out the evaluation of responses to the applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

49. Service Levels

This section sets out the service levels applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

This section sets out the evaluation of responses to the applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

50. Delivery Milestones

This section sets out the delivery milestones applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.

This section sets out the evaluation of responses to the applicable to this procurement. Bidders shall respond in the order presented and reference each clause number in their submission. Where evidence is required, it must be current at the submission deadline and provided in a machine-readable format. The contracting authority reserves the right to request clarification of any statement made in response to this section.
